

-All Kobernick Residents:

The following statement was made at the Kobernick Residents Association meeting on January 4, 2021:

The Kobernick Residents Association Board as representatives of all who reside here, wish to express our deepest gratitude to CEO Jay Solomon and COO Jean Kramer for their foresight and determination to make sure that we were among the first recipients of the Coronavirus Vaccine.

We are equally grateful to the staff from Walgreens whose efficiency was matched by their kindness as well as our caring Kobernick staff whose reassurance and guidance made things run so smoothly

Whatever path led us to Kobernick.... every one of us, including our families, feel most fortunate, proud, and most grateful that it wound its way to Aviva Kobernick, the inviting place for seniors, we are fortunate to call our home.

May the new year, 2021, continue well for all of us – and may Aviva continue to be a haven for many seniors in the years to come.
